Eurasian Natural Resources Corporation PLC

Listing on the Kazakhstan Stock Exchange

London - Eurasian Natural Resources Corporation PLC ('ENRC' or, together with its subsidiaries, 'the Group'), a leading diversified and fully integrated Kazakhstan metals and mining company, is pleased to announce the successful completion of its application to Kazakhstan's listing authorities for ENRC's Ordinary Shares (the 'Shares') to be listed on the Kazakhstan Stock Exchange ('KASE'). There will be no new shares issued in connection with this listing.

The Shares will be listed in Category A of the KASE's official list. The listing application was approved by KASE on 27 March 2008. The start of dealings in the Shares on the KASE is expected to be on or around 7 April 2008.

The Board of ENRC believes that the KASE listing will enable the Group to access a wider local investor base in Kazakhstan and will further the efforts of the Government of the Republic of Kazakhstan to continue to develop Kazakhstan's capital markets.

Dr. Johannes Sittard, Chief Executive Officer of ENRC, said, "I am pleased that ENRC will be listed on the Kazakhstan Stock Exchange, becoming the largest company listed there and fulfilling an ambition from the time of our IPO. I also believe ENRC's listing will be a key step in the development of Kazakhstan's capital markets."

Centras Securities represented ENRC as its financial advisor to the secondary listing on KASE and has been appointed by ENRC as its official market-maker.

Deutsche Bank advised ENRC in connection with the Kazakhstan listing.

Forward looking statements

This document includes forward-looking statements that reflect the current views of the management of the Group with respect to future events. These forward-looking statements include matters that are not historical facts or are statements regarding the Group's intentions, beliefs or current expectations concerning, among other things, the Group's results of operations, financial condition, liquidity, prospects, growth, strategies, and the industries in which the Group operates. Forward-looking statements are based on current plans, estimates and projections, and therefore too much reliance should not be placed upon them. Such statements are subject to risks and uncertainties, most of which are difficult to predict and generally beyond the Group's control. The Group cautions you that forward-looking statements are not guarantees of future performance and that if these or other risks and uncertainties materialise, or if the assumptions underlying any of these statements prove incorrect, the Group's actual results of operations, financial condition and liquidity and the development of the industry in which the Group operates may materially differ from those made in, or suggested by, the forward-looking statements contained in this document. In addition, even if the Group's results of operations, financial condition and liquidity and the development of the industry in which the Group operates are consistent with the forward-looking statements contained in this document, those results or developments may not be indicative of results or developments in future periods. The Group does not undertake any obligation to review or confirm analysts' expectations or estimates or to release publicly any revisions to any forward-looking statements to reflect events that occur or circumstances that arise after the date of this document.
